## SOLiD™ Success

### Want to simplify your next-generation sequencing?

Thanks to the AB Library Builder™ System, you can create 13 DNA fragment libraries per run and up to 26 libraries in a day. Reduce library prep hands-on time for exome or targeted resequencing applications by 50%.

## Events

### US

[American Association for Cancer Research, 102nd Annual Meeting](#)  
April 2–6 | Orlando, FL

### EMEA

[ArabLab The Expo 2011](#)  
March 7–10 | Dubai

[22nd Meeting of the German Society of Human Genetics](#)  
March 16–18 | Regensburg, Germany

[Genomic Disorders 2011 - The Genomics of Rare Diseases](#)  
March 23–27 | Cambridge, UK

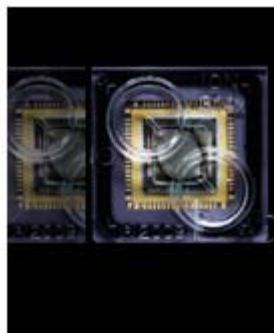

[XXVI Congreso Nacional de Genética Humana](#)  
March 30–April 1 | Murcia, Spain

### APAC

[5th Conference of Society of Genome Microbiology](#)  
March 14–16 | Sendai, Tokyo, Japan

[3rd Annual World Pharmaceutical China Summit](#)  
March 17–18 | Shanghai, China

[8th GeneMappers Conference](#)  
April 4–6 | Hotel Grand

## SOLiD™ News

### Seven challenges, seven \$1 million prizes

Life Grand Challenges offers seven separate contests, each with a \$1 million prize. The first four focus on sequencing technology using the Ion Torrent™ PGM™ sequencer and SOLiD™ platforms.

## SOLiD™ Science

### Missing genes found

Genome expansion and gene loss in powdery mildew fungi reveal tradeoffs in extreme parasitism. Spanu et al. *Science* (2010).

Explore this *de novo* sequencing study where mate-paired data facilitates the discovery of missing genes.

## SOLiD™ Training

### Learn something new about SOLiD™ sequencing

The SOLiD™ Edge Applications Webinar Series features recorded video sessions for all applications, including BioScope™ Software.
